RELEASE NO: 01-172

MEDIA ADVISORY

***H-E-B Presents Breath Alcohol Testing Equipment to SAPD
To Help in their DWI Effort***

WHEN: Thursday, December 27th, 10:30 AM

WHERE: Magistrate's Office, Municipal Court Building, 401 S. Frio

Just in time for the New Year's Holiday Weekend, H-E-B has given the San Antonio Police Department one more intoxilyzer machine to help in their DWI effort. The additional intoxilyzer has been placed in the DWI Room at the Municipal Court Building where it will be used to help in the processing of DWI's during the holiday weekend and in the future. The addition of this machine in the DWI Room augments the increased number of police officers that have been added to the streets to detect and arrest DWI's and together creates a formidable force of DWI enforcement.

H-E-B Public Affairs Director, Greg Flores says, "H-E-B is proud to be able to assist the San Antonio Police Department in its efforts to ensure that the residents in our community remain safe by inhibiting those drivers who drive while intoxicated. Our hope is that this instrument will also work to save and protect the lives of their fellow drivers".

There will be an opportunity for media agencies to videotape or photograph the intoxilyzer machine.
